PREMIER DISTRIBUTING COMPANY

Premier Distributing is a proud sponsor of the National Fiery Foods & Barbecue show. During this year's show you will be able to sample some of the best beer and cider available in New Mexico from Premier's prestigious brewer partners. These brews will surely complement your spicy food and barbeque. Sampling is complimentary. (Proof of age required)

From the Show Producers

From left: Mary Jane Wilan, Dave DeWitt and Emily DeWitt-Cisneros, producers of the Fiery Foods and Barbecue Show.

New Show Sponsor Means Added Industry Stability

Ashley Foods Wholesale has become a sponsor of our show and the 2021 Scovie Awards. The fact that this company, long-known as a retailer with the Mad Dog line of sauces, is now supplying the industry with fresh frozen chiles, dried chiles, pepper mash, and cayenne powder indicates to me that our industry is stable and growing.

Total sales of hot sauce in the United States from 2008 to 2016 (18 percent growth) with projected figures strong from 2017 through 2022. By 2022, total sales of hot sauce in the United States is projected to reach 1.65 billion U.S. dollars. Since sales in 2012 were \$1.34 billion, this will be an increase of 19 percent, meaning hot sauce sales are enjoying steady growth

In the barbecue segment of our industry, in 2016, about 1.47 billion U.S. dollars worth of grills and barbecues were sold in the United States, up from 1.21 billion dollars in 2009. Pellet grills, which experienced 9.1 percent more growth in 2016 compared to the previous year, are fueled by wood pellets rather than gas or charcoal, which are more traditional and common in the United States.

And the fact that Texas barbecue isn't defined by its sauce didn't stop Stubb's—the sixth-largest barbecue sauce brand in the country—from fetching a cool \$100 million for its sale to the spice-and-seasoning giant McCormick's recently.

The two most challenging aspects of the fiery foods and barbecue industry have been suppliers to small producers and distributors for producers of all sizes. At least one of these challenges is now being addressed by Ashley Food Company Wholesale.

505 Food Fights at the 2020 National Fiery Foods & Barbecue Show

About 505 Food Fights

505 Food Fights was created by Chef David Ruiz of Pueblo Harvest Café and Stacy Wilson of Just the Best Produce. The vision was simple: bring local chefs together for a great cause. No egos, just great food and great times.

Anyone currently working in the culinary industry is welcome to apply to compete in the Food Fight. All applicants are chosen and paired randomly, entered into a 16 person tournament style bracket, and then the fun begins.

The 505 Food Fights are held at the High Point Grill on Coors Boulevard every Thursday at 9 pm and are produced by 2018 New Mexico chef of the year, Mike White. Before the Fight begins, the contestants receive a basket of three mystery ingredients, which must be used to create two dishes. At the end of the evening, three local judges use a standardized grading matrix to decide who moves on to the next round.

In the past, all proceeds from the events were donated to a different local charity, and we did amazing things with the Food Fights! Season 1 launched on July 21st of 2015 and raised \$14,974 over the 10 events in our inaugural season. Season 2 enjoyed similar success, raising \$19,790 over 15 Fights. Our success is a direct result of the amazing support we receive from the public in Albuquerque, Rio Rancho, Santa Fe and many other surrounding cities.

In 2018, Chef Mike White of the High Point Grill took over the 505 Food Fights from Stacy Wilson and Chef David Ruiz. For the third time, we are having a Special Edition Food Fight during the 2020 National Fiery Foods and Barbecue Show in the Eagle Room. All of the proceeds generated from this Special Food Fight will benefit the non-profit The Kitchen Kids. The Kitchen Kids Inc. is a 501(c)3 non-profit developed by Chef Mike White. It's an all-abilities cooking course for students age 5 and above who learn side-by-side with culinary professionals throughout the state. Tackling fun but manageable recipes, Chef Mike invites professional cooks and chefs to work hands-on with students. Each class is 90-100 minutes and is part of a 4 to 6 week course set (one class per week). Chef Mike covers all costs and offers these classes completely free of charge to students. While The Kitchen Kids Inc. has many goals, primarily we hope to provide a safe, fun, art-alternative learning environment for creative students to learn with professionals, and ultimately, play with their food! A big thank you to Sunbelt Shows Inc. for their generous donation of event space, the Eagle Room at Sandia Resort and Casino, which will host this Special Edition Food Fight.

Da Vinci's Kitchen

A Secret History of Italian Cuisine

In his time, Leonardo Da Vinci was more famous for producing lavish banquets and spectacular theatrical productions than he was for his art. Ironically, he was a vegetarian who did not partake of the feasts. Da Vinci's Kitchen is a fascinating account of Italian cuisine from Da Vinci's Renaissance to modern times, with original recipes from the early masters of cooking, and it explores the history and relevance of Italian cuisine. Lavishly illustrated with 40 historical images.

"A well-researched history, a fascinating look into the eating habits of 15th and 16th-century Italy. Detailed and passionate, this book is for foodies who want an in-depth exploration of the roots of Italian cuisine, [and] one can hardly go wrong here."

At State ECU we believe in building
futures together. At State ECU you
are not a customer or a number-you
are a valued member. Our purpose
since we opened our doors over
60 years ago was to be here for our
members and help you feel confident
and secure about your finances. As a
not-for-profit credit union, we pour
earning back into the credit union to
provide better rates, products, and
services for you. We create financial
solutions that focus on every aspect
of your life-so you can concentrate
on the important things, and people,
in your life. Together we build futures.

Tsimayó hot sauces complement the flavor of whatever you're saucing but do not dominate it. Their heat level is medium-hot, so they don't overwhelm whatever you put it on, and the squeeze bottle allows you to better measure the amount of sauce you're applying, as in a one- or two-inch line of sauce. The sauces are neither too salty nor too vinegary and do not have any extraneous flavors like tomato, fruits, or spices."

Tattoo Scotch Bonnet Curry sends waves of traditional Caribbean flavors for a spicy island taste. Considered the hottest of our Tattoo family, this will highlight the flavors of your grilled chicken, seafood, or beef while adding a satisfying kick of heat. Makes an excellent marinade for heat and flavor infusion!

Peaches and more peaches make this salsa different than most. Not a single tomato will be found in this recipe. Great on chips for dipping, but also on quesadillas and a block of cream cheese as a cracker spread. So delicious you might even savor its flavor on pork/chicken.

The Big Squeeze

**An Exciting New Thriller from
Dave DeWitt!**

South Florida has a reptile dysfunction. Tens of thousands of huge, feral Burmese pythons have taken over the Everglades and the suburbs of Miami and are decimating the wildlife, eating house pets, and terrorizing the populace.

We Manufacture steel constructed chile and corn roasters, as well as pellet rotisseries. Our commercial chile roasters are made in four different commercial barrel sizes to suit your business needs and/or customer base, and are offered with regular or stainless steel barrels of 3/4" or 1/2" expanded metal. We build three sizes of table top chile roasters for those customers with a need for a smaller barrel.

The wheel mounted corn roaster has a rotisserie of 6 stainless steel trays; hand crank or motorized. All the chile and corn roasters are piped for propane gas and include hose with high pressure regulator. Our pellet rotisseries are modeled after the corn roaster, with 4 or 6 trays and a pellet hopper with controls and temperature probes.
Hand made in the USA.
